If you travel with your horse, USRider is the Equestrian Motor Plan for you since USRider is truly committed to the welfare and safety of their Members and their Horses.

"The Equestrian Motor Plan was born out of frustration; it's something that didn't exist but was definitely needed. Nine out of 10 people who travel with horses are confident they have enough coverage with their existing motor plan. However, when they have a breakdown, they discover they don't. Most motor plans will not cover you if your vehicle is attached to a trailer – regardless of horses – and most do not cover vehicles with dual wheels."

According to Riss, in general, the most common call for assistance is vehicle mechanical problems with tow vehicles and flat tires on trailers. In the event of an accident or breakdown, USRider contacts area towing or repair personnel who will try to fix the problem on the scene. Riss says, "The main benefit for our members is now they have someone to call. They have a live situation they need to deal with – they call us and we take it from there."

Nationwide Trailering Assistance

With an annual fee comparable to that of other roadside assistance programs, USRider's plan offers service anywhere in the continental United States, Canada and Alaska and includes the typical flat-tire repair, battery assistance and lockout services. In addition, the Equestrian Motor Plan offers services designed with horse owners in mind, including 100 miles free towing for the tow vehicle and/or horse trailer, emergency veterinary, stabling, and farrier referrals, and more, for just pennies a day. USRider membership costs just \$129 annually, plus a \$29 new member activation fee. Associate memberships for family members are available for just \$79 each. USRider waives the new member activation fee for members who add an associate member when they join. Join USRider today by calling 1-800-844-1409 or by visiting www.usrider.org.
